**A collection of timeless notes as daily companions
Short impulses to draw, collect, and take with you**

MAGIC NOTES

These notes are small impulses for your everyday life.

You can draw them like a fortune cookie, collect them as daily companions, or use them as a quiet ritual. It is not about doing “everything right”. It is about creating one moment each day that brings you back into clarity, calm, and direction.

PREPARATION

You can print the notes on normal paper, or turn them into a real set by using coloured paper tones. Colour helps you grab more quickly and makes the whole thing feel “alive”. This automatically creates a nice mix and you notice your mood more quickly. The category is recognisable through the respective colour, without being printed on it. This is extremely elegant and immediately has the feel of real magic notes.

**Fold the magic notes twice and place them
in a suitable container (Bowl, Box, Jar)**

Cutting out 100 notes sounds like some work, and that is exactly where the gift lies. You do not have to do everything in one day. Cut them out in small stages. This preparation is already a quiet exercise in your everyday practice. You go slowly. You put things in order.

You do something with your hands. That is already a routine.

Do not take the notes as an obligation. Take them as an invitation. Some days call for wisdom, some call for calm, some call for courage.

You do not have to force anything. One sentence is enough. One moment is enough. These notes are small, and that is precisely why they are strong. They do not take you away from your everyday life. They bring you back to yourself.

DAILY NOTE

Draw 1 note in the morning.

Place it somewhere clearly visible.

(Mirror, desk, phone case, wallet, ...)

In the evening: read it once more and let it “close”.

THEME NOTE

You do not have to think.

Choose a theme that fits today.

Just reach for what speaks to you.

WEEKLY NOTE

Draw one note for the week.

This gives the sentence time to unfold and take effect.

Often the meaning changes when you repeat it.

THE YEAR NOTES

Turn drawing into a small yearly practice.

Choose your favourite notes by category:

Favourites, themes, mood, situations,
wisdom, months or your own words.

Collect. Paste in. Hang up.

This is how your own small collection emerges
of your most important reminders and moments.

FAVOURITE MAGIC NOTES

MY OWN WISDOMS

TAROT

For clear card prompts without dogma — easy to draw, easy to remember.
These notes give you image-language, perspective, and a next step.

The card shows you a direction, not a command. ☆	A “no” in tarot is often protection in disguise. ☆	Reversed cards aren’t bad, they’re honest. ☆	The spread shows where you are right now, not who you are. ☆
If an image triggers you, that’s often where the key is. ☆	Don’t confuse symbol with fate. ☆	A “yes” in tarot always needs a “What for?”. ☆	The Fool asks: Are you ready to go without a guarantee. ☆
A good reading makes you calmer, not dependent. ☆	The Hermit says: Withdrawal is sometimes the fastest route to clarity. ☆	Wheel of Fortune: You can’t stop the cycle, but you can steer it well. ☆	The High Priestess reminds you: Not everything is meant for words. ☆
When a card keeps repeating, something wants to ripen. ☆	Draw fewer cards, look deeper. ☆	The Empress says: Nourishment is strategy. ☆	The Magician shows: A tool doesn’t replace intention. ☆
The Emperor says: Structure is a gift when it fits. ☆	The Chariot reminds you: Direction without pressure is possible. ☆	The Lovers ask: Is it your heart choosing, or your fear. ☆	The Hierophant asks: Is it tradition or just habit. ☆

A good card makes responsibility lighter it doesn't take it away. ☆	The Moon: Uncertainty is a sign to go more slowly. ☆	The Star: Hope is quiet and still resilient. ☆	Temperance: Don't mix everything choose what holds. ☆
Court cards: Ask yourself which role you're playing right now. ☆	Justice asks: Is it fair even to yourself. ☆	Strength: Gentleness is control without force. ☆	The Sun: Truth becomes simple when you don't dress it up. ☆
Swords: Clarity without heart turns sharp. ☆	The Devil: Notice what binds you before you defend it. ☆	The Hanged Man: A pause is a shift in perspective, not standstill. ☆	Wands: Impulse needs form, or it burns out. ☆
Death: An ending is cleansing, not punishment. ☆	Interpretation is art, not mathematics. ☆	The Tower: What falls was often unstable anyway. ☆	When you're done, put the cards away and live. ☆
Judgement: A call gets louder when you ignore it. ☆	The World: Completion is a state, not a permanent assignment. ☆	Cups: Feeling is information, not steering. ☆	Pentacles: The real holds you up when you tend it. ☆

WISDOMS

For stars, cycles, and the art of signs — mystical, but grounded. These notes give you orientation in transformation, timing, and inner alchemy.

A sign becomes clearer when you stop pulling at it. 	An aspect shows tension, not condemnation. 	Notice what repeats, not only what explodes. 	A house describes the area, not the outcome. 
Your interpretation should make you more awake, not smaller. 	An omen is an invitation to attention, not to fear. 	When you see the pattern, you can interrupt it too. 	Transformation is usually subtle until it's complete. 
Symbolism speaks when the mind gets too tight. 	Repetition is a sign of a theme, not bad luck. 	Timing is often more important than speed. 	Sometimes the detour is the direct path to maturity. 
Alchemy begins where you no longer reject what's raw. 	Not every mystery wants to be solved some want to be honoured. 	The stars give language for patterns, not for control. 	Shadow becomes knowledge when you look. 
A planet shows quality, not an excuse. 	A cycle rarely ends with a bang. 	When something stalls, it's often gathering strength. 	The Moon is mood, not judgement. 

The unconscious loves images because words lie too quickly. ☆	Secrets need dignity, not sensation. ☆	When you get scattered, ask for the core. ☆	Transformation means: something old may die without you breaking. ☆
The right moment often feels quietly right. ☆	A symbol is a mirror, not a judge. ☆	Whoever honours cycles has to fight less. ☆	An ending is often protection from continuing the wrong way. ☆
Mercury organises, Venus values, Mars implements. ☆	If you can't see anything, that's information too. ☆	The best interpretation is the one that makes you able to act. ☆	Your path becomes clearer when you see your part. ☆
Jupiter expands, Saturn tests, Pluto strips things back. ☆	Clarity arises when you assume less. ☆	Interpret with respect, not with greed. ☆	The sky is vast, but your step is concrete. ☆
A good sign makes you calmer, not more frantic. ☆	Exaggeration is often fear in the costume of enthusiasm. ☆	A clear no is sometimes the cleanest magic. ☆	In the end, what remains: sign seen, decision made. ☆
☆	☆	☆	☆

HERMETICS

For principles that hold — plain, strict, helpful. These notes give you Hermetic clarity, without preaching and without fog.

Rhythm can't be beaten, only used. ☆	Excess always tips over, even when it sparkles. ☆	Balance is skill, not chance. ☆	Cause works more quietly than effect, but more strongly. ☆
Truth is simple, but not always comfortable. ☆	As within, so without: put your inner house in order first. ☆	Polarity shows you: both belong to the field. ☆	Insight without application is just ornament. ☆
Separation in the mind creates conflict in life. ☆	Cleansing is reduction, not decoration. ☆	A clear will is quiet, not loud. ☆	What you nourish becomes more real in you. ☆
Sovereignty begins with yourself, not with others. ☆	Vibration follows attention. ☆	Mastery is repetition with awareness. ☆	Correspondence is not an excuse, but responsibility. ☆
Every transformation needs a vessel: structure, time, boundary. ☆	Whoever only reacts is led. ☆	The law works without opinion. ☆	A principle applies even when you forget it. ☆

FINAL WORDS

Arkanum doesn't emerge through perfection, but through signs, interpretation, and repetition. This set is not an oracle programme you have to "push through", but a collection that keeps bringing you back to clarity and direction. Some notes open your view for patterns; some help you read symbolism soberly and recognise inner transformation. That's the point: you don't need more information, you need the right hint at the right time.

Use the notes in whatever way fits you. As a brief start in the morning, as a question in between, or as a quiet close in the evening. You don't have to understand everything immediately to interpret well. Over time, individual prompts become a stance: less projection, more insight.

That is exactly what these Arkanum magic notes accompany you in.
